Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for the City of Davenport Truck Route Bypass project in surface transportation reauthorization legislation.

The project sponsor for this project is The City of Davenport and the project is located at 411 Morgan St, Davenport, WA 99122.

The funding is designated for the improvement of a gravel road heavily used by farmers to take product to market into a paved, improved roadway. The roadway to be improved is an alleyway that spans between Jefferson and Monroe Street and from 3rd Avenue to 12th Avenue

The project is an appropriate use of taxpayer dollars and is anticipated to benefit the region with the improvement of a gravel road used by farmers to bring agricultural products to market. Farming is the economic cornerstone to the City of Davenport and this project will protect the agricultural industry in the region.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Cathy McMorris Rodgers
Member of Congress
